

MYSTERIOUS SWAY

I reach thee in collapse
My toll is set by you
I pain and wane away
Mysterious is your sway
Begone fatherless affliction

As sparks fly and trouble comes
I ask why light is given
To men that lost their way
In your mysterious sway
Radical affliction

I have not denied your words
I held firm your command
I'm sick and I'm sore
From womb to tomb I can take no more
All that's left are shadows without order

Who creates the sea?
And fire sparks that burn
Who creates the Sky?
And the vastness of the earth

The lion and its prey
The pasture and the ox
The hawk that flies astray
The serpent as it knots

Listen to this voice
Mysterious as it may
A roar that sounds so loud
Leaves creation in dismay

Life evolves in mysterious ways
All is bound by divine fate
Pain is felt in the wires of time
Open hearts release the mind

MOVIMENTO MISTERIOSO

I busco você em colapso
Meu fardo é determinado por você
Eu sofro e me desfaço
Misterioso é o seu movimento
Se vá aflição de abandono

Quando as fagulhas acendem e a aflição surge
Eu questiono porque a luz é dada
A homens que se perderam de seu caminho
Em seu movimento misterioso
Aflição radical

Eu não neguei suas palavras
Eu mantive o seu comando
Estou doente e dolorido
Do ventre ao túmulo eu não aguento mais
Tudo que resta são sombras sem ordem

Quem cria o mar?
E a chama que queima
Quem cria o céu?
E a vastidão da terra

O leão e sua presa
O pasto e o boi
O falcão que voa para longe
E a serpente que se emaranha

Ouça esta voz
Por mais misteriosa que pareça
Um rugir que soa tão alto
Que deixa a criação desconcertada

A vida evolui de forma misteriosa
Tudo é contido pelo destino divino
A dor é experienciada nos arames do tempo
Corações abertos libertam a mente

Mysterious Way

In pain I wane away
Mysterious is your way
Begone fatherless affliction

As sparks fly and trouble comes
I ask why light is taken
From men that follow your say
In your mysterious ways
Radical affliction

I have not denied your words
I held firm your command
I fell sick and sore
From womb to tomb I can take no more
